2014: Expanding on our solid Foundation

What else can be said about 2014 other than, WOW! Even though it was a year of transition for United Way of Horry County, we all achieved great results!! Thank you to our donors, volunteers, staff, board members, community outreach council, and our community partners. Thanks to all of you, Horry County is a better, stronger, more stable community. We all make the difference, changing and improving lives in the wonderful county we call home, Horry County!

United Way of Horry County continues to work to help change lives and build a brighter future for all members of our community. From helping families achieve financial stability to improving and providing early learning for our children, it all benefits everyone and the future is brighter because of you. We will continue to work to help people meet their immediate needs and strive to get to the root of the problems and eliminate the needs in the future.

Our United Way never stops working with our community partners by supporting their many impactful programs. As you will see from this report, these community resources promote problem resolution, invest in and change the lives they touch, and create an environment for ongoing opportunities that truly make a difference here in Horry County.

Our future is bright! New homes are being built and sold. New and old businesses are adding jobs. We seemed to have turned the economic corner and we are excited about the future of our county and our United Way. We all can make a difference, whether you can be a Crescent member, fair-share giver or are just able to give $1.00 per pay period, no gift is too small. By your gift, you are changing lives. One of the most impactful things you can do is visit one of our community partners and listen to the stories of how people in and around our community have been changed. I promise, it will touch your heart and you will forever be changed. Most of us are so blessed, let’s be a blessing to others.

Rebecca Hardwick
Board of Directors, Chair
Our Focus

United Way of Horry County works to advance the common good by focusing on the building blocks of a good life: education, income and health.

Our goal is to get to the root causes of problems to prevent them from happening in the first place.

Under new leadership this year, we’re taking a fresh look at our processes and moving from primarily a fundraising organization to a community impact organization. That means investing in programs that result in real, measurable results.

With your help, we can make change happen. Because great things happen when we LIVE UNITED.
Community Investment

Each year, a panel of local volunteers reviews the applications and hears the presentation of each applicant. The panel decides which agencies will get a United Way grant and how much. The Board of Directors has the ability to change the amount and make the final grant decision. It’s a thoughtful and thorough process for both the panel and the board. The following are the 2014 grant recipients, according to the categories we serve.

### Strong, Safe, and Healthy Families

## United Way Services

### 211

211 is a free, easy-to-dial phone number for community assistance.

We keep a database of a wide variety of service providers including support groups, community clinics, counselors, shelters, food pantries, senior programs, and many more agencies.

It’s available 24-7 in many languages.

In 2014, 211 fielded 88,015 Horry County calls.

### Get Connected

Get Connected is our volunteer database website.

Volunteers can find the opportunities that best suit them by checking out the postings of non-profit agencies in Horry County.

295 users joined the site in 2014.

### VITA

The Volunteer Income Tax Assistance program offers free tax help to people who generally make $53,000 or less, are disabled, elderly, or speak limited English.

In 2014 for the 2013 tax year, VITA filed 1,346 federal returns and 1,264 state returns with total refunds of $1,547,165 for Horry County residents, including $466,608 through the Earned Income tax Credit.

### Prescription Drug Initiative

United Way partners with FamilyWize to offer discount drug cards with a savings of up to 30 percent on prescription drugs not covered by insurance for anyone in Horry County.

In 2014, the program saved Horry County residents $545,855.
United Way Programs

Day of Caring

Day of Caring continues to be United Way of Horry County's largest event. In 2014, 260 volunteers worked on 17 projects. The largest project was at A Father’s Place, where Santee Cooper volunteers fixed drainage problems and gave the place a new coat of paint inside and out. With the help of Santee Cooper, we were able to install a Born Learning Trail in the new North Myrtle Beach Sports and Recreation Complex. And, Baldwin Construction put in a new floor for Help 4 Kids. Day of Caring serves as the kick-off to our campaign and gives volunteers a first-hand look at the agencies for which they are raising and donating money.

Make Someone’s May Day

Our Make Someone's May Day project asks the community to fill bags, provided by Myrtle Beach Mall, with necessities and gifts for Horry County’s homebound. The bags are then delivered to everyone who gets a home-delivered meal through Horry County Council on Aging and Mobile Meals of the Grand Strand. We collected and delivered about 600 bags in 2014.

Caring for Kindergartners

United Way of Horry County works with Coastal Carolina University's Athletics Department for this program.

CCU athletes read The Giving Tree to kindergartners, who in turn, decorate cards to be included in May Day bags. The kindergartners see someone giving to them and pay it forward to the seniors in our community.

In 2014, 115 classes participated from 22 schools.
Campaign

United Way’s official Campaign Kick-Off is on Day of Caring. But there are some companies who set the pace for kick off, starting their drives before that second week of September. In 2014, we had 23 Pacesetters who demonstrated their leadership and commitment to United Way of Horry County.

2014-15 Pacesetters
Belk – Coastal Grand Mall
Belk – Conway
Belk – Inlet Square Mall
Belk – Myrtle Beach Mall
Blue Cross Blue Shield

Leadership Giving Association

Our local United Way’s Board of Directors established the Leadership Giving Program in June 1996, with the exception of the Crescent Society which began this year.

There are four Leadership Giving levels:

- Horry Society: $500 – $999
- Palmetto Society: $999 – $4,999
- Crescent Society: $5,000 – $9,999
- Tocqueville Society: $10,000 – above

This Leadership Giving Association not only recognizes a tradition of leadership and generosity, but also fosters, promotes, and acknowledges the importance of personal giving at an exceptional level.

While each person’s reason for giving is different, the outcome of their generosity is always the same. Lives are changed. Neighborhoods are strengthened. Our community becomes a better place to live.

Thank you!

Without our donors, volunteers, and community partners the work of United Way of Horry County isn’t possible. We are extremely grateful for your work, dedication, and support. The needs are great in Horry County. But our volunteers spend countless hours raising money, working on projects, and enlisting the help of others to improve their neighbors’ lives.

Thank you again for your support of United Way of Horry County. Through people like you, United Way of Horry County is working to make a real difference in people’s lives.

Because great things happen when we LIVE UNITED.
